The overall objective of this Operational Agreement (‘the Agreement’) is to define the institutional framework within the Croatian public administration for the management and implementation of IPA Component IIb Cross-Border Programmes (hereafter ‘CBPs’), as laid down in Annex A(6) of the IPA Framework Agreement, and to define the responsibilities and functions of the respective parties, as named at the beginning of this Agreement.

This Agreement does not cover IPA CBPs with Member States and its scope is strictly limited to the five programmes under IPA Component IIb, as laid down in Annex A(6) of the IPA Framework Agreement.

The Agreement makes a distinction between the three bilateral CBPs involving the bordering IPA beneficiary countries, and Croatia’s participation in two Transnational Programmes (TP’s) under the European Regional Development Fund’s and European Territorial Cooperation objective for the appropriations 2007, 2008 and 2009.

The bilateral CBPs are managed by the OS in Croatia, namely:

(i) CBP Croatia–Bosnia & Herzegovina, 2007-2013;

(ii) CBP Croatia–Montenegro, 2007-2013;

All the provisions of this Agreement apply to the management and implementation of the three bilateral OPs.

The two TPs are managed by Managing Authorities located in one of the participating EU Member States, namely:

(iv) Transnational Programme “Mediterranean”

(v) Transnational Programme “South–East Europe”.

---

2 For internal Croatian administrative purposes, that part of IPA Component II funding which is allocated to programmes with EU Member States and transnational programmes (projects financed out of 2010-2013 allocations) is referred to as IPA Component IIa, and the CBPs thereby supported are referred to as IPA IIa programmes; whilst IPA Funds for: (i) CBPs with other IPA beneficiary countries; and (ii) transnational programmes (projects financed out of 2007, 2008 and 2009 allocations) are IPA Component IIb.
All the provisions of this Agreement apply to the implementation of the two TP's, except Articles 4 to 7 (inclusive). The functions laid down in Annex A(6) of the Framework Agreement are modified in line with the relevant Financing Agreements.

The Head of Operating Structure (HOS) is responsible and accountable for the activities of the Operating Structure, in relation to the bilateral Cross-Border Programmes and TP's under IPA Component IIb in Croatia.

The Director of ARD is responsible to HOS and accountable for the legality, regularity and sound financial management of each transaction (contract and payment) within Croatia.

The specific objective of this Agreement is to define which of the responsibilities for programme management, implementation and control, given to the HOS, are assigned to the institutions which constitute the Operating Structure (OS) for IPA Component IIb programmes and projects, in accordance with IR, Article 11.

This Agreement is subsidiary to the Implementing Agreement concluded between the NAO and HOS for the management and implementation of IPA Component IIb programmes.
