Što je mehanizam „kao usluga“?

- *Uspostavljen je kao mehanizam Inovacijskog fonda za dražbe tijekom 2023. i redovne pozive u 2024. godini*
- *Ovim mehanizmom značajno se proširuje mogućnost financiranja za projekte iz područja neto nula emisija. Njime se omogućuje da nacionalni programi financiranja i odabira projekata koriste evaluacijski postupak Inovacijskog fonda za projekte iz područja neto nula emisija za financiranje u vlastitim državama, čime se smanjuje administrativno opterećenje za projekte i nacionalna nadležna tijela.*
